

Class 1

EasyNiche Tile-Over

Product Disclosure Information Self-Assessment

Version: v01

Product name	EasyNiche Tile-Over
Product line	
Product identifier	Atlantis EN

Product description

One piece tile-over niche recess made from 100% waterproof HIPS – lightweight, strong, flexible and durable. Built-in gradient prevents water ponding. Compliant with NZ Building Code. Fits into 90mm wall cavity. Several sizes available including footrest option. Suitable for horizontal or vertical installation (except footrest).

Relevant building code clauses

B2 Durability — B2.3.1 (c)

F2 Hazardous building materials — F2.3.1

G1 Personal Hygiene — G1.3.2

Contributions to compliance

B2.3.1: The EasyNiche Tile-Over Shelf is warranted for 25 years when installed as per the installation instructions.

F2.3.1: The product is safe to handle.

G1.3.2: Easy-to-clean and does not harbour germs.

Scope of use

EasyNiche is suitable for use in domestic and commercial bathrooms. Can be installed vertical or horizontal (except for footrest).

Conditions of use

Waterproofing must be completed by certified applicator as outlined in the installation instructions supplied. EasyNiche must be installed in accordance with installation instructions supplied (<https://atlantis.co.nz/wp-content/uploads/EN-Bag20-EN450-EN500-EN600.pdf>).

Building code performance clauses

All relevant building code performance clauses listed in this document:

B2 Durability

B2.3.1

Building elements must, with only normal maintenance, continue to satisfy the performance requirements of this code for the lesser of the *specified intended life* of the *building*, if stated, or:

- (c) 5 years if:
- the *building elements* (including services, linings, renewable protective coatings, and *fixtures*) are easy to access and replace, and
 - failure of those building elements to comply with the *building code* would be easily detected during normal use of the *building*.

F2 Hazardous building materials

F2.3.1

The quantities of gas, liquid, radiation or solid particles emitted by materials used in the *construction of buildings*, shall not give rise to harmful concentrations at the surface of the material where the material is exposed, or in the atmosphere of any space.

G1 Personal Hygiene

G1.3.2

Sanitary fixtures shall be located, constructed and installed to:

- facilitate *sanitation*,
- avoid risk of food contamination,
- avoid harbouring dirt or germs,
- provide appropriate privacy,
- avoid affecting occupants of adjacent spaces from the presence of unpleasant odours, accumulation of offensive matter, or other source of annoyance,
- allow effective cleaning,
- discharge to a plumbing and drainage system as required by Clause G13 Foul water when water-borne disposal is used, and
- provide a healthy safe disposal system when non-water-borne disposal is used.
