

Class 1

# EasyTile Shower System

Product Disclosure Information Self-Assessment

Version: v01

<b>Product name</b>	EasyTile Shower System
<b>Product line</b>	
<b>Product identifier</b>	Atlantis ET

## Product description

The EasyTile™ Shower is a one-piece ready-to-tile shower base and screens system. Suitable for domestic and commercial use, the EasyTile System includes a low profile fibreglass reinforced acrylic tray with 85mm tall wall upstand, factory-fitted glazing channels, EasyClean waste, Stainless Steel drain cover, selected screens and hardware. Standard hardware finish supplied is chrome, although available in a range of finishes.

## Relevant building code clauses

B2 Durability — B2.3.1 (c)

F2 Hazardous building materials — F2.3.1

G1 Personal Hygiene — G1.3.2

G12 Water Supplies — G12.3.5

## Contributions to compliance

B2.3.1: The EasyTile Shower Tray is warranted for 25 years when installed as per the installation instructions.

F2.3.1: All glass supplied is toughened safety glass. The product is safe to handle.

G1.3.2: Easy-to-clean and does not harbour germs.

G12.3.5: Shower requires hot water for personal washing, showering, or bathing.

## Scope of use

EasyTile Showers are suitable for use in domestic and commercial bathroom. Step Entry installation only – on

top of existing flooring (Timber or Concrete).

## Conditions of use

The waste fitting must be installed by a registered plumber as outlined in the installation instructions supplied. Must be installed in accordance with installation instructions supplied (<https://atlantis.co.nz/wp-content/uploads/BFK-ET.pdf>). Refer to Product Care webpage (<https://atlantis.co.nz/home-owners/product-care/>) for guidance on cleaning shower.

### Building code performance clauses

All relevant building code performance clauses listed in this document:

#### B2 Durability

##### B2.3.1

*Building elements* must, with only normal maintenance, continue to satisfy the performance requirements of this code for the lesser of the *specified intended life* of the *building*, if stated, or:

- (c) 5 years if:
- the *building elements* (including services, linings, renewable protective coatings, and *fixtures*) are easy to access and replace, and
  - failure of those building elements to comply with the *building code* would be easily detected during normal use of the *building*.

#### F2 Hazardous building materials

##### F2.3.1

The quantities of gas, liquid, radiation or solid particles emitted by materials used in the *construction of buildings*, shall not give rise to harmful concentrations at the surface of the material where the material is exposed, or in the atmosphere of any space.

#### G1 Personal Hygiene

##### G1.3.2

*Sanitary fixtures* shall be located, constructed and installed to:

- facilitate *sanitation*,
- avoid risk of food contamination,
- avoid harbouring dirt or germs,
- provide appropriate privacy,
- avoid affecting occupants of adjacent spaces from the presence of unpleasant odours, accumulation of offensive matter, or other source of annoyance,
- allow effective cleaning,
- discharge to a plumbing and drainage system as required by Clause G13 Foul water when water-borne disposal is used, and
- provide a healthy safe disposal system when non-water-borne disposal is used.

First party self-assessment generated Aug 22, 2023 with BPIR Ready.
